Dealing with shortage of AI talent

March 13, 2023, 10:35 PM IST | Chandra Gundlapalli in Voice, Business, Tech, TOI

when access to digital statements by emails and mobiles came to the forefront. However, new technologies have evolved at an unprecedented rate over the past decade altering the way we interact with banks and how they do business. For instance, a survey found that 39% of retail banking executives felt that reducing costs is where tech has the greatest impact, compared to only 24% who say it's improving customer experience.
